Care & Maintenance

Clean your Alba fluted bath regularly using warm water, a mild non-abrasive detergent, and a soft cloth or sponge. Rinse thoroughly and dry after use to prevent residue build-up.

For the fluted grooves, gently clean along the contours using a soft brush if needed. Avoid abrasive cleaners, scouring pads, and harsh chemicals such as bleach or solvents, and do not allow cleaning products or strong pigments to sit on the surface for extended periods, as this may damage the finish.
